Rules of origin

3. (1) The rules of origin shall be applied for determining the origin of all goods imported into or exported from Lesotho.

(2) Notwithstanding subrule (1), rules of origin shall not apply to goods -

- (a) imported into Lesotho in respect of which preferential tariff treatment is claimed in Lesotho;
- (b) exported from Lesotho in respect of which preferential tariff treatment is claimed in the country to which the goods are exported under -
 - (i) an ITA to which the country of destination is a party conferring preferential tariff treatment on goods originating in Lesotho; or
 - (ii) a GSP implemented in the country of destination for goods originating in Lesotho; and
- (c) imported for personal use.

Application for certification of goods originating in Lesotho

4. (1) An exporter, who requires documentary evidence of goods originating in Lesotho to be exported to a country requiring such documentary evidence, shall apply for certification of goods originating in Lesotho from the Commissioner General, by submitting an export clearance declaration in respect of the goods.

(2) An export clearance declaration referred to in subrule (1), shall contain the following information:

- (a) the name of the country to which the goods are to be exported;

- (b) documentary evidence proofing that goods to be exported are goods originating in Lesotho according to the applicable rules of origin; and
- (c) the number and date of any invoice or other commercial document issued by the exporter, producer or a supplier in connection with the goods.

(3) Certification of goods originating in Lesotho may be applied on behalf of an exporter by -

- (a) a customs broker, authorised in the exporter's clearance instructions to clear goods; or
- (b) the exporter's registered agent, where the exporter is a non-local exporter.

(4) An application for certification referred to in subrule (1) shall be supported by -

- (a) documentary evidence which proves that the goods originate in Lesotho as per applicable rules of origin;
- (b) the invoice or any other commercial document issued by the exporter, producer or a supplier of the goods;
- (c) the bill of lading, air waybill or other transport documents applicable to the goods;
- (d) documents evidencing the originating status of the goods to be exported, including -
 - (i) accounts or internal bookkeeping records and any other documents providing direct evidence of working or processing of materials carried out by the exporter or producer to obtain the goods;
 - (ii) clearance declarations, invoices and any other

documents which prove the originating status of materials used in the production of the goods;

- (iii) documents which prove the identity of materials used in the production of the goods and containing sufficient particulars to determine tariff headings;
 - (iv) documents which prove the value of materials used and the value addition to the goods; and
 - (v) costing records which show the calculation of the ex-works cost as defined on the applicable rules of origin;
- (e) the certificate of origin obtained from the competent authority, filled in by the exporter before clearance of the goods; and
 - (f) a declaration of origin by the producer before clearance of the goods.

(5) Where an application is made pursuant to sub-rule (4), the Commissioner General shall verify that goods originate in Lesotho, process and issue the certificate of origin to the exporter or producer.

(6) Where the Commissioner General approves the application, the applicant shall receive a notification for -

- (a) manual certificate of origin directing or advising an applicant to proceed to the border control for release of goods; or
- (b) an eCoO with details including URN and a soft copy of approved eCoO.

Application for retrospective certification of goods as goods of Lesotho origin

5. (1) An exporter, who requires from the Commissioner General documentary evidence of origin for goods originating in Lesotho already exported to a country requiring such documentary evidence, shall apply for retrospective certification of the goods as goods of Lesotho origin by submitting an amended export clearance declaration -

- (a) providing the additional information, where the information is not already provided in the clearance declaration; and
- (b) containing an indicator that the amended clearance declaration serves as an application for retrospective certificate of origin.

(2) A retrospective certificate of origin may be applied on behalf of an exporter by -

- (a) a customs broker authorised in the exporter's clearance instructions to clear goods; or
- (b) the exporter's registered agent where the exporter is a non-local exporter.

(3) An application referred to in sub-rule (1) may be accepted only under the following circumstances, where the -

- (a) applicant proves that the late submission was due to -
 - (i) an error that was not the applicant's fault;
 - (ii) an omission that occurred inadvertently and in good faith; or
 - (iii) any other special circumstances accepted by the

Commissioner General as reasonable excuse for late submission; or

- (b) application was submitted timeously, but the document certifying the origin of the goods was, due to a technical defect or another technical reason, not accepted on importation of the goods in the country to which the goods were exported.

(4) An application referred to in subrule (1) shall be supported by any other document substantiating the reasons for late submission of the application.

Application for replacement of certificate of origin

6. (1) Where a certificate of origin is lost or destroyed, the certificate of origin may be replaced on written application, to the Commissioner General, by the exporter of the goods to which the certification relates.

(2) An application referred to in subrule (1) shall be submitted to the Commissioner General electronically or in hard copy.

(3) The application shall reflect -

- (a) the name and customs code of the exporter;
- (b) a customs broker, registered agent or an ordinary representative on behalf of an applicant referred to in paragraph (a);
- (c) the reference number and date of issue of the certificate of origin lost or destroyed;
- (d) that the application is for a replacement of the certificate; and
- (e) the reason why a replacement is required, which may be

motivated in a separate supporting document submitted to the Commissioner General on request.

Transmission of information by a customs computer system

7. (1) The Commissioner General shall put in place a customs computer system which enables transmission of information from Lesotho to a computer system of the country of destination.

(2) Where the exporter or producer intends to export goods from Lesotho, the customs computer system in place in terms of subrule (1), shall transmit the eCoO information to the destination country's customs computer system.

(3) The customs computer system of the country of destination shall acknowledge receipt of information from exporting country and process it internally guided by customs computer systems rules and procedure of the country of destination.

(4) The information processed in terms of subrule (3) shall be used for purposes of clearance of goods received in the country of destination country.

Exchange of information

8. (1) The Commissioner General shall, upon approval of the application, automatically share the information containing eCoO with the competent authority of the country of destination.

(2) The exporter shall share the declaration documents accompanied by eCoO with the agent of the country of destination.

(3) The agent of the country of destination shall use the URN to reference it on the importation declaration.

(4) The country of destination shall verify the reference against the received eCoO from the other regional states to confirm authenticity of the cer-

tificate.

Verification of eCoO

9. (1) Where goods are imported, the Commissioner General shall verify and validate the importation of goods in respect of clearance declaration to confirm availability of the URN.

(2) Upon confirmation of the importation of goods in respect of clearance declaration accompanied by the URN, the Commissioner General shall issue exit note for release of goods and preferential tariff treatment as provided for in the applicable rules of origin.

(3) Where the Commissioner General suspects the authenticity of the eCoO, he shall undertake further verification by initiating a query on the certificate.

(4) The query shall be received in the originating customs computer system and shall be verified and processed as per the request.

(5) Where the Commissioner General has received notification from the country of origin that an eCoO is authentic, the Commissioner General shall in terms of sub-rule (2), issue an exit note for the release of goods.

Documentary evidence of origin

10. Documentary evidence of origin shall be in a form of -

- (a) a certificate, which shall be -
 - (i) obtained from the Ministry responsible for trade;
 - (ii) accessed from the Service's website or any other online source; or
 - (iii) accessed from an ITA; and

- (b) self-certification through statements on origin declaration or invoice declarations.
